

Are you using technology **creatively** to broadcast your important messages to the public?

What if you can set up a **Do-It-Yourself (DIY) technology** which provides a **WiFi access point** where you can **'tell' your stories and messages** to people at a social event, a public rally, a community gathering, or a townhall meeting?

Come and join us at our *MAZI-Zone Hybrid Media Center* to learn about how MAZI-Zone can benefit women's groups and their initiatives!

What: Product demonstration, fun conversation & light refreshments

Date: Friday, 21 September 2018

MAZI-Zone is a toolkit that empowers grassroots groups to share their stories & messages within a +100-meter-range space like an office space, a neighborhood block, a community square, a shelter, or a garden.

MAZI-Zone complements your existing website. People will be invited to connect to your platform and browse through information in an immediate and playful way.
